Dharmik harinkhede	Post	Check Profile Post		<p>Capgemini Off-Campus Drive 2025 – Complete Roadmap & Exam Pattern for Freshers!</p> <p>If you're a fresher looking to step into the IT world with a trusted global company, Capgemini is a solid launchpad. With its structured hiring process and strong learning ecosystem, Capgemini offers roles that combine tech, consulting, and growth from day one.</p> <p>To help you prepare better, here's a complete roadmap of the Capgemini fresher hiring process, syllabus, and smart tips to ace every stage.</p> <p>Capgemini Hiring Process (2025)</p> <p>Capgemini's fresher hiring typically consists of 4 main rounds:</p> <p>Technical Assessment (Aptitude + Pseudocode) English Communication Test Game-Based Aptitude Test</p>

Posted By	Post Link	Contact Info	Experience	Raw Text
				<p>Behavioral Test (via Capgemini's 'ADAPT' tool) (For some roles) Technical + HR Interview Detailed Syllabus Breakdown: 1 Technical Assessment Pseudo Code – Language-independent coding logic – Based on Data Structures, Loops, Conditional Statements – Practice logic building, dry-run examples Aptitude (Quants + Reasoning) – Topics: Time & Work, Percentages, Profit & Loss, Speed & Distance, Number Series, Logical Puzzles – Duration: ~25-30 mins – Practice on platforms like IndiaBix, PrepInsta 2 English Communication Test Tests grammar, sentence correction, active-passive voice, synonyms/antonyms, reading comprehension, and basic English proficiency. Duration: ~25-30 mins Tip: Practice verbal ability quizzes daily, focus on sentence structure and vocabulary. 3 Game-Based Aptitude Capgemini uses game-based assessments to test cognitive abilities like: Attention to detail Pattern recognition Memory and problem-solving Numerical agility Games include balloon popping, grids, digits matching, and shape sequences. Tip: Stay calm, play on laptop/PC for better visibility and precision. 4 Behavioral Competency (ADAPT Test) Assesses your workplace behavior, situational judgment, and personality type. No right or wrong answers Be honest, consistent, and professional in responses Roles Offered: Software Engineer / Analyst CTC: ₹3.5 – ₹4 LPA (depending on role/location) Locations: PAN India (mainly Bangalore, Hyderabad, Pune, Gurgaon) Preparation Strategy: Practice daily aptitude, especially pseudo code & reasoning Use mock tests that simulate Capgemini's game-based round Work on communication skills – grammar, fluency, comprehension Stay consistent with preparation (1–2 hours daily is enough!) Prepare for behavioral round by reading about workplace ethics and company values Final Thoughts: Capgemini's selection process is unique, with an innovative game-based round and a behavioral assessment that sets it apart from traditional tech assessments.</p> <p>#CapgeminiHiring #Capgemini2025 #FresherJobs #CampusToCorporate #TechCareers #CapgeminiRoadmap #PlacementPreparation #CodingPrep #BehavioralTest #GameBasedAptitude #JobReady</p>

Dharmik harinkhede	Post	Check Profile Post		<p>Capgemini Off-Campus Drive 2025 – Complete Roadmap & Exam Pattern for Freshers!</p> <p>If you're a fresher looking to step into the IT world with a trusted global company, Capgemini is a solid launchpad. With its structured hiring process and strong learning ecosystem, Capgemini offers roles that combine tech, consulting, and growth from day one.</p> <p>To help you prepare better, here's a complete roadmap of the Capgemini fresher hiring process, syllabus, and smart tips to ace every stage.</p> <p>Capgemini Hiring Process (2025)</p> <p>Capgemini's fresher hiring typically consists of 4 main rounds:</p> <ul style="list-style-type: none"> Technical Assessment (Aptitude + Pseudocode) English Communication Test Game-Based Aptitude Test Behavioral Test (via Capgemini's 'ADAPT' tool) (For some roles) Technical + HR Interview <p>Detailed Syllabus Breakdown:</p> <ol style="list-style-type: none"> 1 Technical Assessment Pseudo Code <ul style="list-style-type: none"> – Language-independent coding logic – Based on Data Structures, Loops, Conditional Statements – Practice logic building, dry-run examples Aptitude (Quants + Reasoning) <ul style="list-style-type: none"> – Topics: Time & Work, Percentages, Profit & Loss, Speed & Distance, Number Series, Logical Puzzles – Duration: ~25-30 mins – Practice on platforms like IndiaBix, PrepInsta 2 English Communication Test <ul style="list-style-type: none"> Tests grammar, sentence correction, active-passive voice, synonyms/antonyms, reading comprehension, and basic English proficiency. Duration: ~25-30 mins Tip: Practice verbal ability quizzes daily, focus on sentence structure and vocabulary. 3 Game-Based Aptitude <ul style="list-style-type: none"> Capgemini uses game-based assessments to test cognitive abilities like: Attention to detail Pattern recognition Memory and problem-solving Numerical agility Games include balloon popping, grids, digits matching, and shape sequences. Tip: Stay calm, play on laptop/PC for better visibility and precision. 4 Behavioral Competency (ADAPT Test) <ul style="list-style-type: none"> Assesses your workplace behavior, situational judgment, and personality type. No right or wrong answers Be honest, consistent, and professional in responses Roles Offered: Software Engineer / Analyst CTC: ₹3.5 – ₹4 LPA (depending on role/location) Locations: PAN India (mainly Bangalore, Hyderabad, Pune, Gurgaon) Preparation Strategy: Practice daily aptitude, especially pseudo code & reasoning Use mock tests that simulate Capgemini's game-based round Work on communication skills – grammar, fluency, comprehension Stay consistent with preparation (1–2 hours daily is enough!) Prepare for behavioral round by reading about workplace ethics and company values Final Thoughts: Capgemini's selection process is unique, with an innovative game-based round and a behavioral assessment that sets it apart from traditional tech assessments. <p>#CapgeminiHiring #Capgemini2025 #FresherJobs #CampusToCorporate #TechCareers #CapgeminiRoadmap #PlacementPreparation #CodingPrep #BehavioralTest #GameBasedAptitude #JobReady</p>

Konika Tewari	Post	recruitment@rectitudecs.com		<p>Hi Everyone Urgent Hiring!!!! This is Konika from RCS. We are looking for SEO Specialist on Immediate basis. Interview Mode: Walk-In Interview Location: Pune (On-Site) Experience: Fresher</p> <p>Job Summary: We are seeking a results-driven SEO Specialist to enhance our online presence and improve search engine rankings. The ideal candidate will have a deep understanding of on-page, off-page, and technical SEO strategies and be able to implement effective tactics to drive organic traffic and improve website performance. This role requires analytical skills, a keen eye for detail, and the ability to stay ahead of SEO trends and algorithm changes.</p> <p>Key Responsibilities:</p> <ol style="list-style-type: none"> 1. Keyword Research & Strategy: Identify high-value keywords using tools (SEMrush, Ahrefs) and integrate them into content plans. 2. On-Page Optimization: Optimize meta tags, headers, URLs, and content; ensure SEO-friendly site structure. 3. Technical SEO: Audit websites for issues (site speed, mobile-friendliness, crawl errors) and collaborate with developers on fixes. 4. Off-Page SEO: Build backlink strategies, manage outreach, and monitor domain authority. 5. Analytics & Reporting: Track KPIs (rankings, traffic, conversions) via Google Analytics/Search Console; create actionable reports. 6. Competitor Analysis: Benchmark against competitors and adjust strategies accordingly. 7. Content Collaboration: Partner with content teams to align blogs/articles with SEO goals. 8. Trend Monitoring: Stay updated on SEO trends, algorithm changes, and industry tools. 9. Local SEO: Optimize Google My Business, citations, and localized content. <p>Qualifications & Skills:</p> <ol style="list-style-type: none"> 1. Proven experience in on-page, off-page, and technical SEO strategies. 2. Proficiency in SEO tools such as Google Analytics, Google Search Console, Ahrefs, SEMrush, Screaming Frog, etc. 3. Strong knowledge of keyword research, competitive analysis, and SEO best practices. 4. Experience with content optimization, structured data, and schema markup. 5. Ability to analyze data, generate reports, and make data-driven SEO decisions. 6. Strong communication and collaboration skills to work with content creators, developers, and marketing teams. <p>hashtag</p> <p>#seospecialist , #onpage , #offpage , #seotools , #keywordresearch</p> <p>Interested candidates please share the updated resume on this mail id: recruitment@rectitudecs.com</p>

Dharmik harinkhede	Post	Check Profile Post		<p>Capgemini Off-Campus Drive 2025 – Complete Roadmap & Exam Pattern for Freshers!</p> <p>If you're a fresher looking to step into the IT world with a trusted global company, Capgemini is a solid launchpad. With its structured hiring process and strong learning ecosystem, Capgemini offers roles that combine tech, consulting, and growth from day one.</p> <p>To help you prepare better, here's a complete roadmap of the Capgemini fresher hiring process, syllabus, and smart tips to ace every stage.</p> <p>Capgemini Hiring Process (2025)</p> <p>Capgemini's fresher hiring typically consists of 4 main rounds:</p> <ul style="list-style-type: none"> Technical Assessment (Aptitude + Pseudocode) English Communication Test Game-Based Aptitude Test Behavioral Test (via Capgemini's 'ADAPT' tool)

Posted By	Post Link	Contact Info	Experience	Raw Text
				<p>(For some roles) Technical + HR Interview Detailed Syllabus Breakdown: 1 Technical Assessment Pseudo Code – Language-independent coding logic – Based on Data Structures, Loops, Conditional Statements – Practice logic building, dry-run examples Aptitude (Quants + Reasoning) – Topics: Time & Work, Percentages, Profit & Loss, Speed & Distance, Number Series, Logical Puzzles</p> <p>– Duration: ~25-30 mins – Practice on platforms like IndiaBix, PrepInsta</p> <p>2 English Communication Test Tests grammar, sentence correction, active-passive voice, synonyms/antonyms, reading comprehension, and basic English proficiency. Duration: ~25-30 mins Tip: Practice verbal ability quizzes daily, focus on sentence structure and vocabulary.</p> <p>3 Game-Based Aptitude Capgemini uses game-based assessments to test cognitive abilities like: Attention to detail Pattern recognition Memory and problem-solving Numerical agility Games include balloon popping, grids, digits matching, and shape sequences. Tip: Stay calm, play on laptop/PC for better visibility and precision.</p> <p>4 Behavioral Competency (ADAPT Test) Assesses your workplace behavior, situational judgment, and personality type. No right or wrong answers Be honest, consistent, and professional in responses Roles Offered: Software Engineer / Analyst CTC: ₹3.5 – ₹4 LPA (depending on role/location) Locations: PAN India (mainly Bangalore, Hyderabad, Pune, Gurgaon) Preparation Strategy: Practice daily aptitude, especially pseudo code & reasoning Use mock tests that simulate Capgemini's game-based round Work on communication skills – grammar, fluency, comprehension Stay consistent with preparation (1–2 hours daily is enough!) Prepare for behavioral round by reading about workplace ethics and company values Final Thoughts: Capgemini's selection process is unique, with an innovative game-based round and a behavioral assessment that sets it apart from traditional tech assessments.</p> <p>#CapgeminiHiring #Capgemini2025 #FresherJobs #CampusToCorporate #TechCareers #CapgeminiRoadmap #PlacementPreparation #CodingPrep #BehavioralTest #GameBasedAptitude #JobReady</p>

DHAWAL PRAKASH SOLANKI	Post	dhavalsolanki2040@gmail.com		<p>*We are hiring*</p> <p>Title: Digital Marketing Virtual Internship</p> <p>Alternate Job Titles: SEO Intern</p> <p>The GAO Group, USA & Canada</p> <p>www.TheGAOGroup.com</p> <p>The GAO Group is headquartered in NYC, USA, and Toronto, Canada, and its member companies are incorporated in both USA & Canada, and its member companies are leading suppliers of advanced electronics and network products for engineers worldwide.</p> <p>Job Description:</p> <p>Job Overview: As an SEO & Marketing Intern at GAO Tek. Inc, you will play a crucial role in supporting our digital marketing efforts, with a primary focus on Search Engine Optimization (SEO). This internship is designed to provide you with hands-on experience in the dynamic and ever-evolving field of digital marketing. You will work closely with our experienced marketing team to contribute to the development and implementation of SEO strategies, enhance online visibility, and drive organic traffic to our digital assets.</p> <p>Responsibilities:</p> <ol style="list-style-type: none"> 1. Keyword Research: Conduct keyword research to identify opportunities for website optimization and content creation. Analyse and select relevant keywords to enhance our online presence. 2. Content Writings: Contribute to the creation of engaging and SEO-friendly content, including blog posts, articles, and social media updates. Collaborate with the content team to ensure content aligns with SEO objectives. Developing content by using AI tools; ChatGPT, Bard, Bing, etc.

Posted By	Post Link	Contact Info	Experience	Raw Text
				<p>3. On-Page SEO: Assist in optimizing website content, meta tags, and other on-page elements for improved search engine visibility. Work closely with content creators to implement SEO best practices.</p> <p>4. Off-Page SEO: Support link-building initiatives to increase the domain authority of our website. Collaborate with the marketing team to develop and execute off-page SEO strategies.</p> <p>5. Analytics and Reporting: Monitor and analyse website traffic using tools like Google Analytics. Prepare regular reports on key SEO metrics and provide recommendations for improvement.</p> <p>6. Competitor Analysis: Research and analyse competitor websites to identify opportunities and trends in the industry. Stay informed about the latest developments in SEO and digital marketing.</p> <p>7. Technical SEO: Utilize Google Analytics and Google Search Console to monitor website traffic, user behaviour, and key performance metrics.</p> <p>8. Website Audit: Perform website audits to identify technical issues and areas for improvement.</p> <p>Qualifications: Basic understanding of SEO principles and best practices. Pursuing a degree from any discipline including Science, Engineering, Business, Marketing, or related fields. Strong analytical skills with the ability to interpret data and draw insights. Excellent written and verbal communication skills. Familiarity with SEO tools such as Google Analytics, SEMrush, or Moz is a plus.</p> <p>Those who have interest send your resume or CV on these email id dhavalsolanki2040@gmail.com</p>

yogesh Dhanjode	Post	yogeshdhanjode453@gmail.com		<p>Job Title: Freelance Android App Developer for NaukriMitra Project</p> <p>Location: nagpur/ India (Note: Applicants must work using a laptop/PC environment with Android Studio.)</p> <p>Job Description: We are looking for a skilled and experienced Android App Developer to build the beta version of our innovative platform NaukriMitra. The project will be developed using a laptop-based environment (Android Studio), not mobile IDEs.</p> <p>Project Scope (Beta Version):</p> <p>Login/Register System (with Firebase integration)</p> <p>Worker Listing Page with city-based search and category filters</p> <p>Hire Worker Request Form for clients to request services</p> <p>Basic, clean UI/UX design</p> <p>Budget: Approximately ₹10,000 (project-based) depend of the work</p> <p>Required Skills & Experience:</p> <p>Proven experience in Android app development using Java/Kotlin on a laptop/PC environment (preferably with Android Studio)</p> <p>Sound knowledge of Firebase (Authentication & Realtime Database)</p> <p>Ability to design simple, user-friendly UI</p> <p>Portfolio of previous projects is an advantage</p> <p>Strong communication skills and ability to deliver within the stipulated timeline</p> <p>How to Apply: If you are interested and can deliver quality work within budget using a professional laptop setup, please contact me via LinkedIn DM or email at [yogeshdhanjode453@gmail.com]. Note: The complete source code and project ownership will remain with the founder (Yogesh Dhanude).</p> <p>About NaukriMitra: NaukriMitra is an innovative platform that enables local workers (such as electricians, maids, drivers, cooks, freelancers, etc.) to list their services, while clients can easily find and hire trustworthy workers. Our vision is to provide a seamless, free hiring experience with high reliability and transparency.</p> <p>---</p>
Avi Sharma	Post	Check Profile Post		<p>I failed my last business, But I made money while failing.</p> <p>While MicroBillboard stalled,</p> <p>I was testing something else too.</p> <p>And that venture started making money. Fast.</p> <p>I'm launching my next biz. Now.</p> <p>I built MicroBillboard in silence. For ½ a year.</p> <p>When people asked what I was working on, I got fidgety.</p> <p>Kept my cards close to my chest.</p> <p>This time? I'm building in public.</p> <p>Full transparency.</p> <p>Yes, it's noisier. More opinions. You need a filter.</p> <p>But 99% of people are genuine. They want to help.</p> <p>So... what am I building?</p>

Posted By	Post Link	Contact Info	Experience	Raw Text
				<p>Everyone knows UGC, user-generated content.</p> <p>But there's a new sheriff in town.</p> <p>It's called EGC.</p> <p>Employee. Generated. Content.</p> <p>You've seen it. You just didn't know the name.</p> <p>Real employees on TikTok + Insta.</p> <p>Behind-the-scenes. Day-in-the-life. Product demos.</p> <p>That's EGC.</p> <p>It builds trust. Shows culture.</p> <p>Makes "boring" brands feel human.</p> <p>Here's the vision:</p> <p>I'm building the world's first EGC-only agency.</p> <p>We help companies create content starring their own employees.</p> <p>Because their people are their greatest marketing asset.</p> <p>I've tested it with one company, and had the time of my life.</p> <p>But it started long ago. Before I even knew EGC.</p> <p>2018: Barclays intern. Hosted a pub quiz for charity. Made a promo vid of my colleagues. Everyone loved it! My first EGC.</p> <p>2019: Hosted Barclays Grad Xmas party. Filmed a teaser + promoted it. Event was packed. My vid brought people together.</p> <p>2023: Quit banking for The BBC Apprentice. Reached Week 9. Got fired. Dissolved my startup. Built Avi TV instead.</p> <p>2024: Tested ideas. Nothing worked.</p> <p>But people kept asking for social media advice.</p> <p>2025: I charged for it.</p> <p>Then one day...</p> <p>A brand asked me to film them at a trade show.</p> <p>I shot content of their team. It worked. Even the engineers got involved!</p> <p>That was my official entry into EGC.</p> <p>EGC lifts your team. It builds culture. Makes work more fun.</p> <p>I want to bring it to more brands. Especially overlooked ones.</p> <p>Because behind "boring" brands are brilliant people.</p> <p>Most companies feel invisible online.</p> <p>Their content gets low engagement. Recruitment is hard. They have no idea what to post.</p> <p>So they play it safe with polished, corporate content.</p> <p>Nobody watches.</p> <p>That's where I come in.</p> <p>I turn employees into creators.</p> <p>Not in a cringe way.</p> <p>But through human content that gets reach, drives hiring, and builds consumer trust.</p> <p>Content gets watched.</p> <p>Teams feel empowered.</p> <p>Brands become human.</p> <p>Daniel Priestley said:</p> <p>"You're sitting on a mountain of value."</p>

Posted By	Post Link	Contact Info	Experience	Raw Text
				<p>We chase trends like AI or crypto, but forget the skills we've sharpened for years.</p> <p>Skills we can practise + sell.</p> <p>We undervalue what comes naturally to us.</p> <p>But what's simple for us can be gold to others.</p> <p>James Hilton told me:</p> <p>"Don't be revolutionary. Be evolutionary."</p> <p>I agree.</p> <p>You don't need to reinvent the wheel. Just improve what's working. Be the best at that.</p> <p>So here I am. Starting again. Building in public.</p> <p>The world's first EGC-only content house.</p> <p>Let's go!!</p>

Avinash Pandey	Post	Check Profile Post		<p>Unprofessional Internship Experience at TechWire Studio.</p> <p>I was hired as a Frontend Developer Intern at Techwire Studio with a 30-day notice period, as per the offer letter. However, from the very beginning, there was a clear lack of professionalism. The HR who onboarded me later responded to my follow-up call with "Who's this?" — which was just the start.</p> <p>Despite my efforts to collaborate with the assigned team members (Shikhar Dwivedi and Miti Daga) and give my best, communication was nearly nonexistent. After assigning the project to Shikhar, they started ignoring me completely — no replies on Slack, no updates, nothing. I reached out to both the team and the owner daily asking for tasks or clarity but was continuously ignored.</p> <p>To make things worse, they never paid me my first month's stipend and even removed me from Slack, deactivating my access right before salary day — clearly to cut off contact.</p> <p>This behavior is not just unethical — it's exploitative. If interns are expected to follow notice periods and policies, why are there no rules when companies fire or ghost interns without explanation or payment?</p> <p>This is a call for better accountability in the industry. I hope others don't face what I did.</p> <p>Teja Pujari TechWire Studio — this is not over. I will be taking legal action.</p>

Shivam Shukla	Post	Check Profile Post	2 , 3 , 4	<p>#Hiring</p> <p>We are seeking a talented and motivated Full Stack Developer to join our growing team. This role is ideal for someone with a passion for building end-to-end web applications using modern technologies. Both freshers with strong project/internship experience and professionals with up to 2+ years of hands-on development experience are encouraged to apply.</p> <p>Key Responsibilities:</p> <ul style="list-style-type: none"> • Develop and maintain full-stack web applications using Node.js (backend), React & Next.js (frontend) • Build RESTful APIs and integrate third-party services • Design and manage databases (MongoDB, MySQL, etc.) • Optimize web applications for performance, speed, and scalability • Collaborate with designers, developers, and product managers • Participate in code reviews, testing, and deployment processes <p>Required Skills:</p> <ul style="list-style-type: none"> • Proficiency in JavaScript, React.js, Next.js, and Node.js • Solid understanding of both front-end and back-end development • Experience with databases like MongoDB, MySQL, or PostgreSQL • Familiarity with Git, version control, and Agile methodologies • Strong problem-solving, debugging, and communication skills <p>#javascript #react #coding</p>
Mohd Rafi	Post	Check Profile Post	5 , 6 , 7 , 8 , 9 , 10	<p>I feel that the new US #tariffs 27% on Indian products are creating a hidden #problem for our startups, a long term talent #shortage.</p> <p>Right now, everything may look fine on the surface. But startups that #depend on exports like #SaaS, #electronics, or #pharma will soon feel pressure on their revenue. This will slowly affect their #hiring plans. Big companies like #TCS and #Infosys are already planning to hire fewer #freshers in the coming year, and startups may face even more #trouble finding good talent.</p> <p>I believe this can be #dangerous for the #future. Startups grow because they attract smart and #skilled people. But if #funding becomes #tight and VCs stay #cautious, startups won't be able to offer high #salaries or #stock options. Top #engineers and data #scientists may start #leaving for jobs in the #US or #Europe, where they can earn more.</p> <p>In the next 5 to 10 years, this #brain #drain could reduce India's #strength in fields like #AI, #biotech, and #space tech.</p> <p>That's why I feel #startups should now #invest in non-monetary ways to keep their #team happy like #flexible work, #learning #programs, and a good work #culture. I also think the #government and #startups should work together to build #innovation hubs, where young people get real R&D experience.</p> <p>If we do not act now, this silent talent #gap could #slow down our startup growth in the #future.</p>

Prajakta Badade	Post	prajakta.badade@nexahrslutions.com		<p>We're Hiring: Field Service Engineer – Electrical Airless Spray Equipment Location: Pan-India / [Specify Regions] Employment Type: Contract Role (with potential for permanent placement based on performance) Department: Technical Service & Customer Support Are you a Diploma holder in Electrical or Mechanical Engineering (2024/2025 graduate)? Are you passionate about hands-on technical work, traveling, and delivering real-time support to customers? Role Overview: As a Field Service Engineer, you'll be on the frontlines—supporting our customers through equipment demos, installations, and maintenance services. This role is perfect for fresh graduates eager to learn by doing, and ready to travel extensively across India.</p>

Posted By	Post Link	Contact Info	Experience	Raw Text
				<p>Key Responsibilities:</p> <p>1. On-Site Demo Trials & Customer Training Conduct product demonstrations at client locations. Train end-users on usage, maintenance, and troubleshooting of spray equipment. Emphasize benefits in applications like emulsions, textures, and primers.</p> <p>2. Technical Support & Field Servicing Install, commission, and service equipment. Diagnose issues with guidance from senior engineers. Carry out preventive maintenance for long-term performance.</p> <p>3. Documentation & Coordination Maintain service records, demo feedback, and PODs for payment and support tracking. Coordinate with sales, logistics, and inventory teams for seamless service delivery.</p> <p>4. Travel & Field Engagement Expect 80–90% travel to various sites—including construction zones and remote areas. Be flexible and ready for varied work environments and schedules.</p> <p>Qualifications & Skills: Diploma in Mechanical/Electrical Engineering (Freshers from 2024/2025 batches preferred) Basic understanding of electrical/mechanical systems Good communication & interpersonal skills High adaptability, hands-on attitude, and physical stamina for on-site work Strong problem-solving mindset</p> <p>What We Offer: Intensive Training on our products, safety, and service protocols A pathway to permanent employment for high performers Exposure to cutting-edge equipment and real-world client interactions Opportunities to work alongside industry experts</p> <p>prajakta.badade@nexahrslutions.com Ready to hit the road and kickstart your technical career? Apply now or tag someone who fits the bill!</p> <p>#NowHiring #FieldServiceEngineer #EngineeringJobs #FresherJobs #MechanicalEngineering #ElectricalEngineering #SprayTechnology #TechnicalCareers #PanIndiaJobs</p>
